Göta studentkår's Core values

Our core values are the fundamental principles that unite everyone within the organization. Göta studentkår's core values are based on three fundamental values: Community, Engagement, and Safety. These values guide us and permeate all our activities.

Community

At Göta studentkår, we stand together – with each other, for each other.

We work to ensure that everyone feels like an integral part of the organization and experiences a sense of belonging with their fellow students.

We share common values of equality, inclusion, and mutual respect. At Göta studentkår, we see opportunities in what makes us unique. Together, we are one voice towards the university and a community throughout the study years. We are stronger together – students, members, and associations.

Together, we create Göta studentkår.

Engagement

Göta studentkår is built on the principle of students, for students.

Our heart and driving force are the student engagement – the foundation that creates, shapes, and propels our organization forward. Without the engagement from the students, we are nothing.

By nurturing and supporting the student engagement where it exists, we create a sustainable organizational culture that inspires more students to get involved.

Engagement within Göta studentkår is about contributing to something greater. Every form of engagement is valuable and plays a crucial role in the organization's development.

Together, we ensure that engagement remains at the heart of everything we do.

Safety

Safety is a prerequisite for a sustainable and meaningful student life.

At Göta studentkår, safety means working against discrimination, harassment, and misconduct while ensuring that students' rights and well-being are protected. Together, we strive to create an environment where everyone feels respected, valued, and able to participate on equal terms.

Through transparency, attentiveness, and an open dialogue, we aim to ensure that every student feels welcome and safe in their engagement, their studies, and their time as a student. Göta studentkår shall be a reliable and transparent organization where our members can trust that we act in the best interests of all students.

Together, we make the student life safer.
